Birth of the Resilient Community

Scottish Life Offices Computer User Group (SLOCUG)

- Reciprocal agreements
- Use each other's Development systems
- Provide stationery and supplies
- Assist with offsite storage
- Work on Disaster Recovery Planning

Scottish Continuity Group

- Formed in 1995
- All the board are volunteers
- Run annual Resilient Community Exercises (RCE)
- Work closely with the Scottish Executive
- Mainly large corporate members
- Attracting more and more SMEs
- Work with BCI, IRM, Continuity Forum

UK VIEW

UK View

- We need to ensure that we think of our offices south of the border
- We need to consider UK wide supply chain issues
- London is running out of power capacity
- Scotland is potentially a world class location for building DR sites
- Scotland has resilience built in

SUPPLY CHAIN

- 82.5% of Scottish companies have 5 staff or less
- Many of these companies do not know what a BCP is, never mind have one
- SCG is encouraging development of BCM skills in SMEs
- Building the Resilient Community
- Creating a Resilient Nation

Thank You
